

## Abstract

### Graduation Level of Proficiency Paper

(Bachelor's degree, Specialist's degree, Master's degree)

**Title:** Aesthetic education of teenagers in the process of teaching the French language.

**Author:** Gladysheva Kseniya Alexandrovna.

**Research Supervisor:** Airapetova V.V.

**Research Initiator:** PSLU

**Topical Importance:** rapprochement of teaching content and education in schools according to demands of life. Aesthetic education aims to develop the ability to perceive the beautiful in environment and art, the development of aesthetic feelings, tastes, necessity to participate in creating the beautiful in life and art. Human development is inextricably linked with speech activity. Aesthetics of language is revealed in the word; we recreate the beauty of feelings in word form, thoughts are transformed into a cohesive text, which has the aesthetic load.

**Goals:** research of forms and methods of aesthetic education of pupils in the learning process.

**Tasks:** determine the nature, structure, contents and ways of aesthetic education of pupils; make the analysis of ways of introduction ideas and experience on the aesthetic education of children in modern Russia; reveal the nature and content of aesthetic education of teenagers by means of foreign language.

**Theoretical value and practical applicability:** theoretical conclusions can be used in lectures, in preparation of scientific-methodical manuals, handbooks on history of pedagogy and educational theory.

Practical applicability consists in development and introduction of ' programs of educational clubs, studios aesthetic profile for adolescents, educational technologies, forms and methods of formation of aesthetic tastes of high school students in learning the French language.

**Results:** as a result of research we came to the conclusion that the development of aesthetic qualities of adolescents in the process of teaching French language is the best fit analysis and study of songs, as this approach combines aesthetic educational opportunities as literature and music, and aesthetics of song encourages children to become interested in the French language even more to fully understand the deep meaning of song material.

**Implementation advice:** this study allowed us to outline some perspectives for further research, for example, by the material of the other types of text.
