SUMMARY

Subject matter: Management in the sphere of realization of the state youth policy at the regional level on the example of the Republic of Ingushetia.

Author: Mamilova Amina Yarunovna

Supervisor of studies: M.A. Astvatsaturova, doctor of political science, professor, professor of the chair of creative and innovative management and law.

Customer organization: Regional budget organization “Committee for youth affairs” of the Republic of Ingushetia.

Topicality of the research: Management in the sphere of realization of the youth policy is the activity of the state over the provision of youth with adequate standard of living. The rise and development of youth in modern Russia is taking place in the conditions of the reforming of the fundamental principles of the life of the society. The structural and functional transformation of the socio—political and political and management system interwoven into the perpetually renovating socio-economic realia and some manifestations of the spiritual and moral crisis in the society condition the controversial tendencies in the youth environment.

Objective of the research: the generalization of the work of the organs of power over the regulation of the state youth policy at the regional level on the example of the Republic of Ingushetia.

Tasks:
- to specify the content of the notion “management” in the theoretical interpretation;
- to characterize youth as a specific social group in the context of management;
- to examine the legal and political basis for the realization of the youth policy in the Republic of Ingushetia;
- to develop the author’s project targeted at the increase in the efficiency of the management process in the sphere of the youth policy in the Republic of
Ingushetia in respect of the target group – young people with limited capacity opportunities and health problems.

**Theoretical and practical significance of the research.** The theoretical significance is determined by drawing into the research in the realization of management in the sphere of the realization of the state youth policy of the management science approaches, topical concepts and theories of management, democratic and civil participation.

Practical significance consists in the development and possibility of some generalizations for the realization of the active and effective model of management in the sphere of the problem-orientated youth policy.

**Results of the research:** we have fulfilled all the tasks set, we have also established that the subjects of the RF operate their own relevant organs of state power involved in the realization of the state youth policy. So, the Committee of the Republic of Ingushetia for youth affairs is the executive organ of the state power in the Republic of Ingushetia realizing the functions over the development and realization of the state youth policy in the Republic of Ingushetia.

**Recommendations:** we presented the design solution to the increase in the efficiency of management in the sphere of realization of the youth policy at the local level –“Center of leisure activity and creative work of the young people with limited capacity and health problems (including disability) “We are together” (hereinafter – Center). The Center will develop an integrated social environment enabling all young people with limited capacity and health problems including disability, to adapt and integrate with the society.
